Subject: Our river needs a responsible cleanup

The EPA should care about our economy and jobs and the environment

I agree that cleaning up the Willamette is important but it can't be one that is so expensive and inflexible that it threatens small businesses in the Portland Harbor. The companies that work in the harbor are so, so important to our economy.

Please do whatever you can to support the river and our health but also to make sure our jobs don't go away.

Sincerely,
